Handicaps shown are per 150 points.

The lower handicapped player starts on zero.

If a player has a negative handicap,

they must score this amount of points before starting on zero.

Handicap calculation example:

Player A has a handicap of 20 , Player B has a handicap of 45.

The difference is 25. Player A starts on zero and Player B starts on 25.

If your name is not on this list , contact Bernie Couzins for inclusion.
